Design is a professional embroidery design software. PE. Ask HN: What would you look for in a email client? - badRabbit Hey guys, been using Gmail for a long time. Recently I have been thinking about a good email client for macs. I need something that supports offline access, multi-accounts, notifications on emails, etc. Any suggestions? ===== anarchy8 I really like zimbra, and it's free for 10 users per server. We have a zimbra instance with around 10 users, and it's a pretty nice mail server for a business environment. You might want to take a look at it? Q: Sql server - how to find top 3 most viewed posts from those who clicked on the same link twice How to find top 3 most viewed posts from those who clicked on the same link twice? I am using SQL Server 2008 A: The following query will give 0cc13bf012
